January 14, 2018

GETTING TO KNOW ME

When experiencing pain and grief in your life, do you tend to shy away from God or draw closer to Him? Why do you think that is?

How has the pain you have experienced through out your life changed you?

INTO THE BIBLE

How does David deal with the pain in his life?

In the book of Job, in what way did Job's three friends minister to him best? In what ways did they fail in their attempts to fix Job's problems?

How does God answer Job when he demands an answer for his suffering?

APPLICATION

What would the world look like, what would the results be if God were to remove all the painful consequences of Mankind's free will?
