GETTING TO KNOW ME

What have been your experiences with man-made religious practices that may have perverted that which God intended? How have you responded?

INTO THE BIBLE

Why was Jesus so angry with what was being done in the temple? What was so wrong with what they were doing? Try to cite some supporting scriptures.

How does God expect His people to worship Him? **John 4:23-24; Psalm 145:18; Ephesians 6:18; Philippians 3:3**

As you consider the American Revolution against British rule, share your thoughts on what position you think you might have taken if you were alive at that time and give some scripture to support your position.

APPLICATION

What are the repercussions of such religious perversion on evangelism?

How might we do a better job of keeping New Hope a “house of prayer” and a place where God is worshipped in spirit and truth?
