GETTING TO KNOW ME

What “signs of the times” have you witnessed in your life that encourage you that the end may be drawing nigh?

What emotions do such events evoke in you?

INTO THE BIBLE

When Jesus taught us how to pray in **Matthew 6:9-14**, what is the first and second petition He modeled for us to imitate and why?

When will **Matthew 6:10** come to pass in its fullness?

Cite at least three passages that state God’s promises of peace and the possession of land to the nation of Israel. Have these promises been fully realized yet?

How does our view of the of such promises impact our view of the order of other eschatological events stated in scripture? Give at least one example.

APPLICATION

What might a high degree of anticipation for Christ’s return do for our willingness to sacrifice our time, possessions and lives in order to be more effective witnesses for Christ?
