Luke 21:5-36

August 5, 2018

GETTING TO KNOW ME

Share what has been your understanding of the end of days.

What will happen with the nation of Israel, and what should Christians prepare for?

INTO THE BIBLE

Read **Luke 21:5-36** and **Matthew 24:1-51** and, to the best of your ability, give a brief description of what you think each section is talking about. Is it one event, or many events? Do they take place all at once or over time?

Can you give some Biblical examples of passages of prophecy that may have been misunderstood?

How does our hermeneutical method impact how we interpret prophecy?

APPLICATION

Why might it be important for the Church, as well as for you personally, to have an accurate understanding of end times?

What do you think Jesus wants us to glean from this section of Scripture?
