November 11, 2018

#### GETTING TO KNOW ME

Describe a time when you may have heard the voice of God. What were you doing at that moment? What was happening?

#### INTO THE BIBLE

In the upper room, John 14-16, the disciples were greatly struggling to comprehend what Jesus was trying to say to them. What factors were there preventing them from understanding? **1 Corinthians 2:10-14; John 12:12-16; 13:33; 14:12; 16:12.**

As a Believer in Christ, how much do these factors influence your recall, understanding and peace? Can this be even possible for a believer, yes or no? Explain your answer.

How do the Father's words get from Him to us today? **2 Peter 2:20-21, 3:14-17; 1 John 2:20, 27.**

The Holy Spirit taught all things to the disciples (John 14:26, 16:13-16) who wrote them down as well as to others that have come before them. After prayer, what should be our first resource concerning God, life, society, peace, etc.? **2 Timothy 3:14-17.**

Do you see a progression in the four characteristics of scriptures usefulness? What should our attitude be regarding this knowledge?
