GETTING TO KNOW ME

Describe as best you as you can what you imagine when you envision God. What is He like? How would you describe His personality?

INTO THE BIBLE

If possible, give Bible references for your answers to the following questions:

How does **John 15:9-12** give us insight into our relationship with God?

According to **John 16:23-28**, on what basis does God answer our prayers?

Based on your understanding of this passage and others, what does it mean to pray “in Jesus’ name” and what is the role of Jesus on our prayers?

If someone asked you, “What does God want from me?”, what would be your answer and why?

What other thought from this study have had an impact on you?

APPLICATION

As you ponder the personality of the Father, have you ever considered the He is exactly like Jesus?

What does this realization do to your perspective of who God is and how He wants us to relate to Him?
