STUDY & DISCUSSION GUIDE

January 12th, 2020

GETTING TO KNOW ME

As you look back on your past, can you describe a time when you may have missed an opportunity to do something great for God simply because you feared the obstacles?

If you could send a note to yourself back through time to just before the above took place, what advice would you give yourself?

INTO THE BIBLE

Search the Scriptures for yourself as you answer the following questions:

Describe the situation in Egypt from which God delivered his people?

What was Israel's attitude toward God supplying them with daily food & why?

What was the people's attitude toward their leader Moses?

What was the report of the 12 spies, and why?

What impact did their report have on the people's attitude?

What lesson can be learned from the results of their negative reports?

Discuss the application of democracy among God's people in the Bible.

APPLICATION

As we look back on what God has brought us through as a church, and what He's recently done for us, what overall attitude would seem most appropriate when considering of the opportunities He's placed before us?

How might we apply the above to our own personal lives?
