GETTING TO KNOW ME

Have you ever doubted God's goodness? If so, what caused the doubt, how did you process those feelings?

In a world that denies God's existence, or routinely questions His morality, what is your personal response to those who criticize God's character?

INTO THE BIBLE

What do the following scriptures reveal to us concerning God's character?

- Exodus 34:6; Psalm 33:3, 24:8, 145:5-7; Nahum 1:7

Use the argument put forth in the following scripture to aid you in identifying the fallacies associated with God's creation questioning the character of their Creator? - Romans 9:20-21.

What was the reasoning behind God's answer to Job when He questioned God's judgement—Job 38:12, 40:2

APPLICATION

What other principles could you identify that would make questioning God's character rationally incoherent?

In times of intense emotion, especially intense grief, it may be common for our reasoning faculties to momentarily fail us. At such times, it is good to be reminded of who God is, who we are in Him, and the source of our hope. What thoughts or scriptures would you find particularly encouraging during such times?

Suggestion—Keep the thoughts/scriptures you wrote above in your wallet at all times!
