## STUDY & DISCUSSION GUIDE

### GETTING TO KNOW ME

Have you ever had an experience with someone who claims to have a word from the Lord, or some prophecy that ended up not coming true?

How did your experience with that situation make you feel?

How might we respond to such things in a Christ-honoring way?

### INTO THE BIBLE

Read Micah 4:8-13. What is being described here, and how does it relate to real events in history?

According to Micah 2:1, what is it about their sin that made it so heinous?

Research and read aloud with your HOPE Group some of the scriptures dealing with the varying degrees of reward, as well as varying degrees of punishment, and discuss how these relate to the topic of repentance.

According to Romans 6:1-2, why is it important to have a proper view of God's grace, and how should our outlook as Christians be affected by this truth?

Based on your understanding of Scripture, discuss how close do you think Christ's second coming might be and why.

What impact might the reality of Christ's return have on our attitude toward hardship, on the way we treat one another, and on our evangelistic efforts?

### APPLICATION

According to Micah 6:6-8, what does God want from His people?

How does Micah 7:18-10 impact you emotionally & motivate you to act?
